PAYATAS

In Payatas, 40 km from the capital Manila, there is one of the largest open landfills in Asia. The air is unbreathable, putrid and malodorous and its smell infects the whole city. Every day, the most desperate of the inhabitants go to the landfill to dig and look for empty bottles, plastic containers, cans that they can then resell and thus earn 70 pesos a day, not even 1 €.

We support two centres managed by “Don Orione and the Little Missionary Sisters of Charity”. More than 100 children, with our monthly contribution of € 500, can have access to canteens and have a healthy and nutritious diet based on rice, fish and vegetables. In addition, every year with € 50 per child, we are able to support elementary and secondary school education.

“PICCOLO COTTOLENGO” – HOSPITAL OF MONTALBAN

“Don Oriane” manages the “Piccolo Cottolengo” of Montalban, a few kilometers from the capital. Often, families are too poor to be able to provide for the needs of children with disabilities: in the centre, children are looked after and rehabilitation therapy is offered.

With only € 7 per month, a child is guaranteed one hour of daily rehabilitation.

We have refurbished the premises in order to offer to approximately 80 guests a welcoming and clean environment. We monthly send € 300 to ensure the purchase of essential medicines and food.

Father Joseph

Since 2015 we have been periodically helping Father Joseph who was once pastor of Lussito, a small parish near Acqui Terme.

The projects that are followed by Father Joseph are aimed at children and young people in difficulty of the poorest families who have lost their homes due to the seasonal typhoons that devastate the Country.
