

BURUNDI

Burundi is a small African Country: its population is around 8 million and counts more than 800.000 orphans. Burundi is among the ten most backward Countries in the World because of the social political crisis and the civil war that left, up to today, an unstable political atmosphere.

FOSTER HOME SHOGOMANGA

In November 2011 we participated, together with other associations such as Africaon, to the construction of the Shogomanga foster home. The Suore Missionarie Benedettine manage the project and welcome children and young adults who lost their parents because of war, Aids or poverty. The centre is able to host about 80 children: every day they get a hot meal and the nuns also provide for the children who have a family and live in the near village but don't have access to enough food. In total 200 children are looked after and they receive: food, clothes, medicines and school material. The collaboration to this project has been possible thanks to our partners and volunteers Giorgio Olivieri and Don Pino.

HEALTH CENTRE KABARANTWA

The Suore Benedettine della Provvidenza have been managing for more than 40 years the only health centre in the Cibitoke area. The preventive centre for childhood diseases sorts out the vaccinations and the health and nutritional education for about 120 children per day. Africaon supports a project aimed to facilitate a nutritious diet for mothers and children: when mothers suffer malnutrition, children are born underweight and are at higher risk of dying. 2.000 children are born every year in the maternity centre.

In 2019, Giorgio Olivier, architect and tireless partner and volunteer of Need You Onlus, projected a renovation of the maternity centre that we already completed.

The collaboration to this project has been possible thanks to our partners and volunteers Giorgio Olivieri and Don Pino.

KAYONGOZY

The Suore Francescane del Monte di Genova operate in the community of Kayongozy and wanted to make their community and in particular the orphanage, more independent.

In order to do so, we came up with a zotechnical project that included chickens for the eggs production and cows for the milk production.

Thanks to the help of our donors and Giorgio Olivieri, we managed to help the community start the project that is still fully operational.

In particular, Need You Onlus was able to intervene in Burundi thanks to the precious help of Don Pino who involved the association in different projects aimed to help the population.

- NGOZI. Contribution to support the scholastic fees of young women who are studying to become nurses.
- MURWHY. Construction of 2 rooms for welcoming the less fortunate.
- CHURCH OF BUMBIRI. Contribution for the building of the church.

- GITECA. Contribution in support of the Pygmy community via the Congregazione del Buon Pastore.

IT IS POSSIBLE TO SUPPORT ALL NEED YOU ONLUS PROJECTS AND
COLLABORATIONS.

EACH PROJECT CAN HAVE THE LDS – LONG DISTANCE SUPPORT – SCHEME.
